Sheet Pan Dolly – Steel – 3 diameter casters

12580	42580	Fits 18 x 26 Sheet pans	Dark Green	1	14.1
-------	-------	-------------------------	------------	---	------

Item #42580

These pans are made from aluminum which has been coated inside with a non-stick coating. The pans are used to bake and **not deep-fry** soft flour and corn tortillas. The resulting rigid tortilla bowls have a deeply flared and fluted shape, perfect for creative menu presentations with lighter taste and fewer calories than deep-fried salad shells.
